1983 O'Day 34 Sloop

Pompano Beach, Florida

YEAR	LENGTH	PRICE
1983	34 ft	\$4,500

LIVE-ABOARD POTENTIAL...AS-IS...VERY LOW PRICE

You're looking at a 1983 O'Day 34 Sloop on an AS-IS basis, boat needs work and seller is very motivated...bring ALL offers! The boat will need an engine. Bottom was painted 16 months ago.

More than 40,000 boats rolled off the production lines of the O'Day Company, insuring that O'Day will remain one of the most recognized boat manufacturing names in the world for years to come. Designed by C. Raymond Hunt & Associates and introduced into the O'Day line in 1981, the O'Day 34/35 was one of the more successful cruising designs built by O'Day.

Like most of O'Day's cruising designs, the 34 is aimed at moderate sailing performance and spacious accommodations. The deep draft keel is a moderate aspect fin for good windward performance and the rudder is large for good control.

The interior arrangement of the 34/35 is right out of yacht design 101. There is a V-berth cabin forward followed by head to port and hanging lockers to starboard. There are port and starboard settees in the main saloon with a centerline drop-leaf table followed by a starboard side quarter berth and navigation station and port side U-shaped galley. Contact Complete Marine today, this boat is at our docks and available for showing.
